INDEX

Vol. 86, Nos, 1-6, January-December 1995

ABDOMINAL pain, lower, diagnosis and management of, in women 3:29
Aboul-Enein, Y.H., LTJG, MSC, the benefits of medical prepositioning 5:9
Acceleration research, impact, women volunteers engage in 4:5
Amphibious operations, "over-the-horizon," casualty care in 1:14
Andrus, K.L., CAPT, MC, Navy medicine in Kernel Blitz '95 6:6
Appendicitis aboard *California* 2:2

BERLEY, F., ecstatic to be free 5:24
Biachenti, native from Falalop Island in World War II, a followup 3:6
Blood culture drawing, changing procedure prevented injury and contamination 5:17
Board certification, specialty, opportunities for pharmacists 4:2
Bohnker, B.K., CAPT, MC, *Forward... From the Sea:* Navy medical support for Operation Uphold Democracy 3:8
Bone marrow cell growth system 3:36, 5:12
Briscoe, K.M., JO3, sculpture unveiled in Bethesda ceremony 6:1
Bruenn, H.G., M.D., in memoriam 5:35
Bulshefski, V.M., CAPT, NC (Ret.), in memoriam 4:30

CANBY, J.B. IV, LCDR, MSC, letter on Angaur and Peleliu 2:26
Carcinoid tumor as part of differential diagnosis 4:28
Carey, N.B., Ph.D., Navy medicine in Kernel Blitz '95 6:6
Casualty care in "over-the-horizon" amphibious operations requires contingency options! 1:14
Change!, health care 5:10
Chaplain as clinician 6:4
Christmas, G.R., LGEN, USMC, remarks at unveiling of "The Unspoken Bond" sculpture 6:3
Combat casualties
  casualty care in "over-the-horizon" amphibious operations requires contingency options! 1:14
  medical prepositioning, benefits of 5:9
  war at sea, medical implications 6:13
Corpsman at Iwo: S. Dabrowski 1:6
Cotton, J.B., CAPT, MC, USNR, flag officer selectee 3:2
Cowan, M.L., CAPT, MC, flag officer selectee 3:2

DABROWSKI, S., corpsman at Iwo 1:6
Davis, T., Ph.D., Navy inventor 4:32
Dillard, D.G., LCDR, MC, USNR, recurrent lobar pneumonia in a young sailor: carcinoid tumor as a part of the differential diagnosis 4:28
Discovery 4:8, 5:1,12
Dolgin, D.L., CDR, MSC
  Naval Medical Research and Development Command and technology transfer 1:21
  training program for the prevention of motion sickness 2:6
Dowty, T.W., LT, MSC, the operations research influence in Navy medicine 6:10
Dunn, S.M., USS *Rixey* and the APH class 2:16

EDUCATION (see Training)
Erickson, R., ecstatic to be free 5:27

FALK, V.S., M.D., an unusual 50-year followup 3:6
Fitness, physical readiness according to Teddy 6:20
Flag officer selectees
  Cotton, J.B., CAPT, MC, USNR 3:2
  Cowan, M.L., CAPT, MC 3:2
  Phillips, H.E., CAPT, MSC 3:2
  Weed, J.C., Jr., CAPT, MC 3:3
Flight nurse at Iwo: K. Van Wagner 2:8
Foley, R.W., CAPT, MC, recurrent lobar pneumonia in a young sailor: carcinoid tumor as a part of the differential diagnosis 4:28
Forward... From the Sea: Navy medical support for Operation Uphold Democracy 3:8
Fountain, F.P., CAPT, MC, USNR (Ret.), reminiscences of Nagasaki 5:28
Frechette, J., World War II chronology: Navy medicine January-April 1945 1:24, 2:21

GRASSO, B., LT, MSC, opportunities for specialty board certification for pharmacists 4:2
Grice, J., LCDR, MC, USNR, recurrent lobar pneumonia in a young sailor: carcinoid tumor as a part of the differential diagnosis 4:28

HAGEN, D.F., VADM, MC
  retires 4:1
  visits Pope John Paul II 2:1
Haiti
  Operation Uphold Democracy 3:8, 5:14
  Operation Sea Signal 1:3
Haynes, L.L., CAPT, MC (Ret.), World War II survivor of the *Indianapolis* 4:13
Head/neck injury
  women volunteers engage in impact acceleration research 4:5
Health care
  change! 5:10
  medical readiness, maximizing 3:20, 5:18
  reengineering medical care at Naval Hospital Charleston, SC 2:4
Health promotion
  Camp Lejeune, NC, Naval Hospital promotes USMC wellness 2:5
  Navy medicine's future in the workplace 2:13
Heimlich, H., M.D., his first career 3:12
Henderson, D., FC3 2:2

NOTE: Figures indicate the issue and page in Volume 86 of *Navy Medicine*. For example, 3:29 shows the article may be found in issue No. 3 (May-June 1995), page 29.

Herman, J.K.
corpsman at Iwo 1:6
Dr. Heimlich's first career 3:12
ecstatic to be free 5:23
flight nurse at Iwo 2:8
Navy medicine's shuttle doc 4:8, 5:1
physical readiness according to Teddy 6:20
Stewart, M., HMCM, Force Master Chief, speaks on the issues 5:6
survivor of the *Indianapolis* 4:13
History (see also Herman, J.K. and World War II)
Roosevelt, T., physical readiness according to Teddy 6:20
Hospital Corps, Navy
sculpture, "The Unspoken Bond" 6:1
Stewart, M., HMCM, Force Master Chief, speaks on the issues 5:6
Hospitals, Navy
Camp Lejeune, NC, promotes USMC wellness 2:5
Charleston, SC, reengineering medical care 2:4
Hudson, J.N., LCDR, MSC, Navy medicine's future in the workplace 2:13
Hughey, M.J., CDR, MC, USNR
women's health in the operational forces
diagnosis and management of lower abdominal pain 3:29
problems with urination 6:22

IMPACT acceleration research, women volunteers engage in 4:5
In memoriam
Bruenn, H.G., M.D. 5:35
Bulshefski, V.M., CAPT, NC (Ret.) 4:30
Seaton, L.H., VADM, MC (Ret.) 5:35
Shilling, C.W., CAPT, MC (Ret.) 2:27
Interviews
Berley, F., ecstatic to be free 5:24
Erickson, R., ecstatic to be free 5:27
Haynes, L.L., CAPT, MC (Ret.), World War II survivor of the *Indianapolis* 4:13
Irvin, E., ecstatic to be free 5:23
Heimlich, H., M.D., his first career 3:12
Linenger, J.M., CDR, MC, Navy medicine's shuttle doc 4:8, 5:1
Stewart, M., HMCM, Force Master Chief, speaks on the issues 5:6
Van Wagner, K., flight nurse at Iwo 2:8

JACKSON, K., 50 years ago—World War II and the Navy nurse 4:18
Jandreau, P.S., HMCS(SW), casualty care in "over-the-horizon" amphibious operations requires contingency options! 1:14
Japan's *Rescue Seagull 80* flies FC3 D. Henderson to hospital 2:2

KEMP, D.G., CAPT, MC, Change! 5:10
Kernel Blitz '95 6:6
Koenig, H.M., VADM, MC, 32nd Surgeon General of the Navy 3:1, 4:1

LAING, W.H., M.D., "The Unspoken Bond" sculpture benefactor 6:1
Lear, G., neurologist's traveling medicine show 3:4
LeDonne, D.M., CDR, NC
maximizing medical readiness: an organizing framework for the MHSS at the millennium 5:18
maximizing the mission of medical readiness in a joint environment: a systems model 3:20
Lee, K., M.D., Navy inventor 4:32
Lefever, B.E., LCDR, MSC, psychology on the high seas: USNS *Comfort*'s mission to uphold democracy 5:14
Linenger, J.M., CDR, MC, Navy medicine's shuttle doc 4:8, 5:1
Lungs
lobar pneumonia, recurrent, in a young sailor: carcinoid tumor as a part of the differential diagnosis 4:28

MARINE Corps, U.S.
Camp Lejeune, NC, Naval Hospital promotes wellness 2:5
Martin, G., LCDR, USNR, World War II chronology: Navy medicine May-October 1945 3:24, 4:23, 5:30
Martinson, K.L., LCDR, NC, changing procedure for blood culture drawing prevented injury and contamination 5:17
Massart, L.L., ENS, USNS *Comfort* supports Operation Sea Signal 1:3
Matson, D.L., Ph.D., training program for the prevention of motion sickness 2:6
Medical care, reengineering, at Naval Hospital Charleston, SC 2:4
Medical Department, Navy, restructuring education and training 4:31
Medical implications of war at sea 6:13
Medical prepositioning, benefits of 5:9
Medical readiness, maximizing 3:20, 5:18
Mercador, M., JOSN, the watch changes 4:1
Military Health Services System (MHSS) 3:20, 5:18
Mittelman, M.H., CDR, MSC, Naval Medical Research and Development Command and technology transfer 1:21
Motion sickness, training program for the prevention of 2:6
Mouse trap, ca. 1910 5:34

NAGASAKI, reminiscences of 5:28
Naval Health Sciences Education and Training Command (HSETC), restructuring of 3:11, 4:31
Naval Medical Research and Development Command (NMRDC)
and technology transfer 1:21
highlights
Alzheimer's disease and brain injury 2:28
bone marrow cell growth system for use on the battlefield 3:36
computer-based medical training for medical support personnel attached to special operations forces 6:26
dengue outbreak 6:26
DNA vaccines for complex multistage organisms 5:36
gender differences in emergency shipboard damage-control task performance 2:28
headsets evaluated 6:26
heat stress in military personnel, countermeasures to 3:36
hepatitis E virus vaccines 1:29
hyperbaric and recompression chambers, patent for critical care unit in 5:36
infectious diseases, impact on U.S. troops during Operations Desert Shield/Desert Storm 4:32
neck and back strain profiles on rotary-wing female pilots 3:36
night vision goggles, advanced color 5:36

NMRDC highlights (con.)
on the internet 4:32
patent issued on controlled risk decompression meter 2:28
stress fractures among female recruits 1:29
tissue bubble detector 1:29
Neurologist's traveling medicine show 3:4

OPERATION Sea Signal 1:3
Operation Uphold Democracy 3:8, 5:14
Operations research influence in Navy medicine 6:10

PARTNERSHIPS, NMRDC 1:21
Patee, J.C., CAPT, MSC, Naval Medical Research and Development Command and technology transfer 1:21
Peake, D.W., LCDR, MSC, Navy Preventive Medicine Technician School moves to San Diego 1:1
Pharmacists, specialty board certification for, opportunities for 4:2
Phillips, H.E., CAPT, MSC, flag officer selectee 3:3
Physical readiness according to Teddy 6:20
Pneumonia, lobar, recurrent, in a young sailor 4:28
Pope John Paul II blesses Navy medicine 2:1
Prepositioning, medical, benefits of 5:9
Preventive Medicine Technician School, Navy, moves to San Diego 1:1
Pribram (Van Wagner), K. 2:8
Psychology on the high seas 5:14

RENDIN, R.W., CDR, MSC, women volunteers engage in impact acceleration research 4:5
Research (see also Naval Medical Research and Development Command highlights)
impact acceleration, women volunteers engage in 4:5
NMRDC and technology transfer 1:21
Rixey, P.M. 6:20
Roland, S., JO2, telemedicine: reaching out to the world through technology 1:12
Roosevelt, T. 6:20
Ryan, D.M., shuttle space launch of Navy bone marrow cell growth system 5:12

SAVITSKY, M.S., CAPT, NC
maximizing medical readiness: an organizing framework for the MHSS at the millennium 5:18
maximizing the mission of medical readiness in a joint environment: a systems model 3:20
Schoenberg, L.W., CDR, MSC, women volunteers engage in impact acceleration research 4:5
Sculpture, "The Unspoken Bond," unveiled in Bethesda ceremony 6:1
Seaton, L.H., VADM, MC (Ret.), in memoriam 5:35
Shaw, D.P., LT, casualty care in "over-the-horizon" amphibious operations requires contingency options! 1:14
Shilling, C.W., CAPT, MC (Ret.), in memoriam 1:27
Ships
USNS *Comfort*
Operation Sea Signal 1:3
Operation Uphold Democracy 3:8, 5:14
USS *California,* appendicitis on board 2:2
USS *Constellation* uses teleradiology 3:35
USS *Indianapolis,* World War II survivor of 4:13
USS *Rixey* and the APH class 2:16
war at sea, medical implications of 6:13
Shuttle *Discovery* 4:8, 5:1,12
Smith, A.M., CAPT, MC, USN, USNR
casualty care in "over-the-horizon" amphibious operations requires contingency options! 1:14
stretching the limits of naval self-sufficiency: medical implications of war at sea 6:13
Statue, "The Unspoken Bond" 6:1
Stewart, M., HMCM, Force Master Chief, speaks on the issues 5:6

TAYLOR, J.K., CAPT, MC, Navy medicine in Kernel Blitz '95 6:6
Telemedicine: reaching out to the world through technology 1:12
Teleradiology aboard *Constellation* 3:35
Training
Kernel Blitz '95 6:6
pharmacists, specialty board certification for, opportunities for 4:2
prevention of motion sickness 2:6
Training (con.)
restructuring, Navy Medical Department education and training 4:31
Tumor, carcinoid, as part of differential diagnosis 4:28

URINATION, problems in women's health in the operational forces 6:22

VAN Wagner, K., flight nurse at Iwo 2:8

WALL, R.S., LCDR, MC, neurologist's traveling medicine show 3:4
War at sea, medical implications 6:13
Waun, W.G., LCDR, CHC, the chaplain as clinician 6:4
Weed, J.C., Jr., CAPT, MC, flag officer selectee 3:3
Women
volunteers engage in impact acceleration research 4:5
women's health in the operational forces
abdominal pain, lower, diagnosis and management of 3:29
problem with urination 6:22
Workplace, Navy medicine's future in 2:13
World War II (see also History)
and the Navy nurse 4:18
chronology: Navy medicine January-October 1945 1:24, 2:21, 3:24, 4:23, 5:30
corpsman at Iwo 1:6
ecstatic to be free 5:23
flight nurse at Iwo 2:8
followup after 50 years on native boy from Falalop Island 3:6
Heimlich, H., M.D. 3:12
Nagasaki, reminiscences of 5:28
survivor of the *Indianapolis* 4:13
USS *Rixey* and the APH class 2:16

ZETO, D.P., HMCS(SW), casualty care in "over-the-horizon" amphibious operations requires contingency options! 1:14

Correction

In the *NAVY MEDICINE* September-October issue on page 19, Figure 2 should read Figure 1.
